Dear Sarah & family,

Please accept our sincere condolences on your mom's passing. Linda told me she died in the hospital with the family around her, so I assume not totally unexpected. However, losing your mom always leaves a hole in your heart. Even when we know what is coming, it is still difficult for those of us left behind. We remember our loved ones when they were young and healthy. We wish we could turn back time and things could be that way again.

May the many memories of the good times shared with your mother remain in your heart and bring you comfortalways.

In sympathy & friendship,
