“ Mrs Donna was with me during my last pregnancy and my final baby. She was such a great provider and always had the warmest spirit about her. Always had a huge smile on her face. She was diligent in her work and care for her patients. She loved to see pics of my son when he was born. I made sure to update her since she wasn't in the office very often. She will be surely missed. Rest easy sweet lady! ❤️

“ Donna & I went to USC together for our Master's program & worked together for many years. My first born knew her as Aunt Donna. We just recently reconnected on Facebook. My heart is broken, especially because we never had the opportunity to get together & catch up 🙏

“ My heart is extremely heavy and broken. I met you when God blessed me with a miracle baby that wasn't even possible and you were there every step of the way. I still can't thank you enough for everything you have done for my baby and I. Ever since I met you I have always seen you in good spirits with the warmest personality ever. Take your rest angel you will always be in Little Miss Miracle(as you called her) and I hearts.

“ I have just heard the news of Mrs. Donna’s passing. I am devastated. She was the best doctor I have ever had. The way she cared and truly wanted to help was so wonderful. She took care of me and my baby while I was pregnant and helped me get back to normal after pregnancy. I give all the credit of my healthy pregnancy and healthy baby to her. I haven’t known her long but she has impacted my life so much over the last year. She was such a special person and I will miss her so much. You will all be in my thoughts and prayers.
