“ I’ve know Jim since the early 1990’s while working together at Camp Pendleton, CA. We were Marines together which began our life long friendship. His Wife Martha was the sweetest person in the world who passed from COVID. He loved his family, his farm, and his friends. Jim and Martha would make yearly trips to Hawaii and after he retired to South Carolina, we would ALWAYS stop and spend time with them, and later Jim after she passed. We would speak several times a year. I only learned of his passing while planing a trip to go up and see him today and am heartbroken. I would love to speak to their daughters and offer my condolences. RIP Jim, Love you Marine!

“ Jim was a sweet man. While we only knew Jim for two years as a neighbor, he was kind to us at all times. Remembering his great smile and always calling me mam’. May God bring strength, peace and comfort to the family. Angie & Shane Strimpfel

“ I met Jim in the early 2000s when we worked for the same government agency. We later both took positions at Ft. Jackson, SC, where we sometimes worked together and met each other's spouses. I have great memories of traveling the country with Jim, conducting polygraph training sessions. He was kind enough to include my wife with us on training trips to Pearl Harbor. Even though we actually lived only a few miles away from each other, it was at K Bay, Hawaii, where we got to know Martha better. Her succumbing to covid was so sad. A kind and generous man and his wife were taken way too soon. So sorry!

“ I had the privilege of working with Jim for many years. I was fortunate to call both him and his lovely wife, Martha friends. They were such a joy to be around. Their farm, with all the animals was an absolute blast to visit. No better two people existed on this earth. So sad to learn of Jim's passing. He is now back with the love of his life, Martha. RIP my friend
