“ What a precious, kind lady and friend. I was a young, “green” admin when I was so blessed to be hired to work with Lillian at the Lee County Health Department in 1988. I couldn't have asked for a better person to take me under her wing and not just to teach me the duties of the job, but to teach me so much more about life. She loved the beach and mountains and introduced me to Pigeon Forge, TN, that my family and I still love to visit. She shared cooking tips (via her Bobby). Best frying pork chops tips ever. She shared stories of raising her children which were a huge help as I went on to have both my children while working with her. When I was 9 months pregnant and my pen fell to the floor, she was so kind to pick it up for me since I was like a Weeble Wobble at that point and we had a good laugh. There was a LOT of laughter and good times in our office. One of my favorite stories was when Bobby Jr was in a play at elementary school about Brer Rabbit. He was being threatened to be thrown into the briar patch when his little sister (Linda) yelled out from the audience , “Oh, please don't throw my brother in the briar patch!!!” which brought huge laughter, but also showed her concern for her brother's welfare. What a sweet memory. Lillian loved her family, kids and especially loved her husband Bobby. Theirs is a true love story of almost 69 years. Lillian was a beautiful lady and friend. I am so thankful to have known her and to have had her in my life.
