“ I still can't take this in. I just talked with Marilyn a few days ago. I have known her and have been able to share a friendship with her since we were children. I worked with Marilyn at Burlington and always admired her big bright smile & her willingness to help. Marilyn was always smart and bright! I know you are hurting and there are no words that can make you feel better at this time. Just know that so many people loved her and knew that she was a sweet wonderful lady. I will miss her and I pray God will wrap His loving arms around each and every one of you and help you get through this. Jeanne Gardner

Dear Marilyn. I am so very sorry and overwhelmingly sorry that you have been taken away from all of us way way too soon. You were our baby sister and loved so very very much. You can rest now and will not have to worry about anything ever again. Just remember you are so loved and will be missed every day for the rest of my life. I love you.

“ *It's impossible to put in a few words what Marilyn has meant to me and my family over the years. She and my friendship span over 60 years. My loss is great, but nothing to compare with her family, whom she loved completely. My granddaughter said it best. She said Marilyn never failed to make her smile and laugh wholeheartedly. She was truly a ray of sunshine spreading joy everywhere she went. She said we must remember all the good times with Marilyn and cherish these memories forever. ❤️*

“ Marilyn and I were concert buddies for many years. We had such fun and great times working at Burlington together. Many years of being at the baseball field together with our boys Russell and Josh. No matter what life dealt us, we knew we would be there for each other. She loved her family! I will miss you my friend. My God wrap his loving arms around her family during this difficult time. Fly high my friend!

“ *I am so sorry to hear of Marilyn's unexpected passing. She and I grew up together, rode the school bus together, were in the same class in school, and she was in my wedding back in 1970.
